

Mobile UV-C air sanitizer

KX Y 1200

Disinfection of the ambient air in your presence

Product description

The mobile UV-C air sanitizer contains 7 × 36 watt UV lamps, an activated carbon filter, a fan and a control system. Since the UV lamps are not visible, the unit can operate continuously in the presence of users. The unit can be set to automatically turn on and off three times a day.

Its wheels make it easy to move from room to other room.

Features

- Manual, automatic or programmable ignition
- Can be moved on wheels
- Ventilation system that sucks in the ambient air and rejects it to disinfect any germs, viruses, bacteria.
- Waiting rooms, hospitals, playgrounds, canteens...
